As we approach the upcoming Easter break, there are many activities planned between now and the last day of the term on Friday 12 April. We hope all our YCS families enjoy the 4-day holiday this weekend and we look forward to seeing them back at school on Tuesday 2 April, which will see the arrival of the White Cross Dental Van for those students who have booked in advance.

PURPLE DRESS DAY

Thank you to our SRC who have organised an epilepsy awareness fundraiser for this Thursday. We encourage all students to dress in purple and bring in a gold coin donation for Epilepsy Action Australia. When you consider that 1 in 200 Australian children live with epilepsy, this is a very worthy cause that YCS continues to support.

2024 YEOVAL SHOW

This year's Yeoval Show will be held on Tuesday 30 April, just after the school holidays. Students will return to school the following day on Wednesday 1 April. This year, the Show Society is giving away a 'Ride All Day Pass' to the student who enters the most entries in the Show pavilions. This is a great opportunity to support your local Show and its long-held traditions.

GRIP LEADERSHIP DAY

Year 6 students will be attending the 2024 GRIP Leadership Conference in Dubbo on Wednesday. GRIP is unique in that it concentrates specifically on training student leaders for their role as school leaders. The style, topics and content of the conference all focus on what the students can do right now. I look forward to hearing from our students upon their return about their experiences at the event.

FLU VACCINATIONS @ YCS

A reminder to YCS families and the general community (including children aged 5 and over), that influenza vaccinations will be available at the school from 3pm, Wednesday 3 April. Please phone our office staff to book. The fee is \$25 (cash only) and the vaccinations will be administered by Keirles Pharmacy, Wellington.

SPECIAL VISIT

I often get special visits from students who have been sent to the office to show off their schoolwork.

This week it was Arthur and Eden with their amazing writing and illustrations.

Wishing everyone a safe and happy Easter.

Students were asked to predict if the chocolate and marshmallow would melt. They enjoyed doing this solar energy experiment for science.
