

Congratulations to the students of our school who performed at the **Education Week** assembly. A good number of parents and community members attended the assembly and were treated to a variety of student performances. The drumming group commenced proceedings with an excellent display of beat and rhythm. Mrs Helen Johnson and the students have worked well together to produce quality items. Each primary class performed their Verse Speaking items in readiness for the Wellington Eisteddfod. The teachers and students have completed a number of practice sessions in their preparation for the eisteddfod. Our whole school choir sang and were a delight to listen to.

The assembly finished on a high with a DVD of students performing dances around different locations in Yeoval. Parents were invited to attend primary classrooms and talk to their child about work that they have done with their teacher.

Parents should be delighted with the commitment of teachers supporting their children in our school. In my speech I indicated that parents are always invited and are welcome at our school to talk to teachers about their child's education or see me about what they would like to be involved in. Unfortunately only 40% of parents take the opportunity to make appointments (parent /teacher interviews) to see teachers about improving educational standards for their child.
