PRINCIPAL'S REPORT:

Congratulations to **Fiona Kerin** who was permanently appointed to YCS last week.

It was great to see so many parents, friends and grandparents at our **'Grandfriends Day'** last Thursday. Our visitors were treated to the winning verse speaking recitals from Years K/1/2, 3/4 and 5/6 (who all came 1st in the Wellington Eisteddfod).

Well done to the **SRC** who raised over \$180 for **Jeans for Genes** day last Friday.

Good luck to **Year 12**, who are completing their Trial HSC examinations over the next two weeks.

I would like to thank the **Country Women's Association** (CWA) for their generous donation. The money will go towards purchasing technology (e.g. apps) that the students can use to research the chosen country each year.

Nicole Bugeja
Principal (Rlg)

YEAR 7 SCIENCE

We have been exploring the world of FORCES. Year 7 have been investigating the magnetic field lines of different types of magnets by sprinkling iron filings over a plastic sheet to show what the magnetic field lines look like.

We also had Miss K a student teacher from Sydney helping us look at the difference between mass and weight.

Then we had a challenge. Students had to build the highest tower using 20 drinking straws and holding a 50g weight. This had some awesome designs.

GETTING KIDS INTO NATURE

Does it really matter if children are spending more of their time indoors rather than climbing trees and catching cicadas?

According to the experts, the answer is a resounding "yes". Find out more:
