All students from **Yeoval Central School** were successful in their choices being offered as they begin their senior studies next year.

## LOVE BITES PROGRAM

All of Years 9 & 10 were involved in a 'Love Bites' program that tackled the issues of domestic violence and sexual assault. The program was delivered by Nicola Giddings from Greater Western Area Health and Kathryn Playford, the PCYC Manager at Wellington. The students were involved in workshops with discussion, video scenarios and art work. It was a fantastic program where the students were provided with morning tea and lunch and most importantly, learned the seriousness of these issues. I am certain that the students gained some knowledge and developed an understanding of what domestic violence is and that it is not to be tolerated. The students participated extremely well and the presenters commented that we were the best school ever to go through the program. Congratulations to all the students involved.

Scott Olsson

### YEAR 11 SPORT, LIFESTYLE & RECREATION

SLR is a subject in which students develop their understanding and competence in a range of sports and recreational pursuits. This year the Year 11 course is delivered by Trish Morgan from Trundle. Students are currently studying a module titled Individual Games based on golf. They will be marked on skills in putting, chipping and driving as well as their ability to explain the skills required, the types of competition and handicapping.
