YEOVAL CENTRAL SCHOOL

Term 4 Week 7
26 November 2018

At Yeoval Central School we inspire all to be responsible, respectful learners. Working together to achieve and grow.

Stage 5 Industrial Technology - Metal

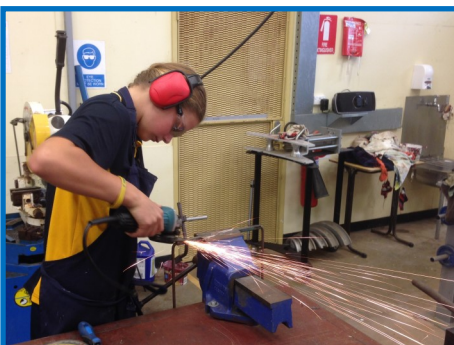

Stage 5 have been busily working away to complete their camp barbeques during Semester 2.

Students completed a portfolio in conjunction with their practical projects and this enabled them to document the process they went through in developing their designs. Students were given the opportunity to use some creative license to develop their own design or modify an existing one.

Some diverse ideas have emerged from the school workshop from plain cooking plates to half 44 gallon drums, it is fantastic to see students think outside the box to look for ways to utilise recycled materials to complement their projects. Students have honed their skills in planning and construction, welding and grinding and have had exposure to oxy-acetylene cutting of their barbeque plates.

Student Opportunity/Success Fantastic opportunities for secondary.

Support for Families P&C to support school families dealing with loss as opportunities become available. All support to be offered by the school and P&C will be hands and feet behind the scene.

Playground Policy to P&C looked over and discussed this policy. Areas we would like Review considered as part of this Policy:

- Bus 3-3.30pm regarding teachers being required to site parents before students leave school property to meet waiting parents. The observation of the meeting is that this is currently not happening.
- Guidelines for playground duty. Secondary Students (7-12) 'Teachers are expected to actively supervise students when on their device.' We believe this to be an unrealistic statement in a large playground area. Suggest rewording this statement or designating an area of the playground that is open for students to use mobile phones or devices that allows the teachers to monitor and actively supervise students while using their devices.
- A 'Hands off' other students including students in relationships where younger students are watching and mimicking behavior needs to be addressed in this policy.
