A message from the Principal

Well done to our **Years 9/10 students** who completed **work experience** last week. **Mr Keith Peasley** ensured students had a variety of workplaces to host our students. I thank our local and faraway businesses: **The Billabong, The Royal Hotel, Kerin Engineering, CAMFIX services, Auslive Auctions, Ridgecrest Christian Living Centre, Chris Haycock, Mirrabooka Motors, Cumnock Ag N Vet and Wellington Library**. Some of our students experienced working on the other side of the desk at **St Columba's Primary School, Yeoval and Cumnock Preschools, Yeoval Central School and Glenroi Heights, Cumnock, Orange East and Wellington Public Schools**.

Our **final farewell to Year 12** was held at YCS on Monday night. **Mr Ken Horley**, as Year Advisor coordinated a lovely evening catered for by **The Royal Hotel**. It was lovely to be able to host dinner for our students and their families and find out that **Lochlan** too has also been offered early entry. With **Chase** and **Daniel** also securing work, **all of our graduating Year 12 students have options post-high school**.

DON'T FORGET to RSVP to our annual **Presentation Night** which is open to **ALL OF THE YEOVAL COMMUNITY**. Use the QR Code to register, or call the office to RSVP by Sunday 6 December – entry can only occur for those that RSVP.

Year 9/10 Work Experience

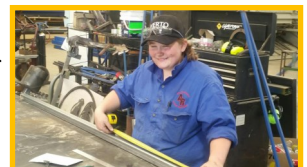

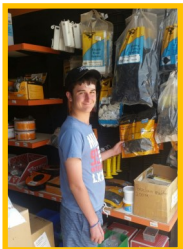

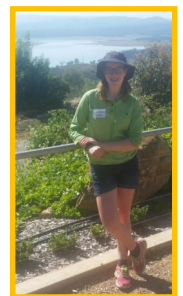

Last week saw our school a little quieter, which is always nice. Missing was the noise created by our creative, busy, sociable, and clever Stage 5 students - it's always constructive noise of course. They escaped the confines of the school to enter the world of work.

I was fortunate to visit a number of host employers during the week and was thrilled with everything I found. The students were stuck into the tasks set for them, and most importantly were watching, listening and learning.

The opportunity seeks to give students the chance to clarify their potential career choices. Some will realise it is not for them, or that their choice was spot on. Either is fine, as the setting of career goals needs to be informed and realistic.

Every host spoke well of the YCS students, and appreciated being a positive contributor to the lives of their guests. I cannot detail all of the placements, however the highlights for me were –

- **Skye** realising that the Maths she said she couldn't do at school was also the Maths she used at Kerin Engineering to draft plans for construction.
- **Lucy** giving me a guided tour of the Ridgecrest Centre – what a great place, and a credit to the community that enables it to continue.
- **Jiego** making me a perfect coffee at the Billabong. They love him there, for good reasons.
- **Leilani** proudly showing me around her old school in Orange, and feeling right at home.
- **Ezra** expressing his surprise at how much he enjoyed the K/1/2 classroom at YCS.
- **Kitana** being mobbed by the little ones at Glenroi Heights PS during wet day activities. She just loved it.
- **Lindsay** being truly sad that she had to cut her placement short.
- **Beau** finding his place in the world in the construction industry.
- **Jack** finally being able to be online and digital all day without getting into strife at Auslive Auctions.
- **Ruby** at Wellington PS saying that Kinder teaching is now one of 2 options, along with Nursing. She will be excellent at either profession.
- **Alannah** discarding the sling and working hard in the Hospitality room. Such commitment.
- **Caleb** searching for worms in sheep samples at Cumnock Ag n Vet. Did he find some?
- **Savannah** appearing right at home, and earning rave reviews at Cumnock Preschool.
- **Lillie** achieving similar standards at Yeoval Preschool. The kids loved her.
- **Thomas** running the world of farming. He is a force with big plans.
- **Tyelia** sharing her Maths expertise with the Cumnock PS students. They were impressed!
- **Paul** having to be restrained from rebuilding whole vehicles at Mirrabooka Motors in Morisset.
- **Alana** asking the YCS K/1/2 teacher whether she could create and present an Art lesson. She did, and the results are there for all to see in the room. Well done!
- **Lauren** being so proactive and professional at Wellington Library. A very talented and perceptive young lady.

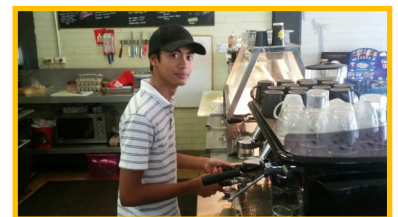

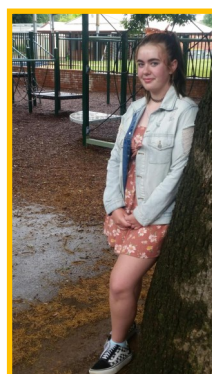

My thanks to all the students for their initiative and energy. Well done all of you.

Thanks also to Mrs Tremain for her assistance and advice and the SAS staff at YCS for processing all the paperwork that enabled this great week to happen.

CRICKET NEWS WITH KATIE

On Sunday 29 November I played for Orana Outlaws against the Illawarra Flames. We won the game and I scored 27. Our team has now advanced into the semi finals which will be played at the SCG in December. The winners will play in the grand final.

The competition is the Plan B Regional Big Bash.
