Agenda item: Giving to school **Presenter:** Renee

Discussion:

We have been fundraising for the school for 2 years and our bank balance is healthy. Is there an area or need within the school where we can give some of our profit to benefit the students with infrastructure or material needs.

We were intentionally raising money for a fixed cover over the new play equipment. Would still like to contribute towards this need.

Other idea's presented was to invest the money in a term deposit or similar until school was ready to invest in the new cover. Also perhaps a chart with a monetary goal so that the community knows where we are up to with our fundraising.

Conclusions:

To return to the next meeting with options to earn money on our money while it waits to be utilized. Nicole to source quotes for desired outdoor cover for play equipment so as we know what we are aiming for.
